

高度な管理会計プロセスへの期待！

経営者は常に疑問と不安を持って行動しています。経営環境が厳しくなればなるほど、「我が社の進むべき道はどうあるべきなのか」「我が社は正しい方向に進んでいるのか」「どこかに気づかない大きな問題は無いのか」「どこかに無駄がありはしないか」「どうすればもっと利益を獲得できるのだろうか」「株主からレッドカード（退場）を突きつけられるのではないか」などなど、たくさんの「不安や疑問」を抱えています。こうした経営者の不安や疑問に 대응する＝解消する最良の情報が会計情報であり、財務諸表です。従って企業会計の究極の目的は「経営管理のため」といっても過言ではありません。いわゆる「管理会計プロセス」です。

高度な管理会計プロセスへの期待！

" as for our corporation being advanced to correct direction?" " the big problem which does not become aware somewhere without being?" " doesn't wastefulness is somewhere and do?" " If how it does, more can the profit probably be acquired?" " it doesn't mean that somewhere financing reaches the limits?" " from the shareholder the lead card (It isn't to be accustomed to piercing leaving)?" " and so on and so on, the large quantity "insecurity and doubt" are held.

高度な管理会計プロセスへの期待！

* The manager always has acted with doubt and insecurity.
* If business environment becomes harsh, the extent which becomes, " as for the road where our corporation should advance how being proper?" " as for our corporation being advanced to correct direction?" " the big problem which does not become aware somewhere without being?" " doesn't wastefulness is somewhere and do?" " If how it does, more can the profit probably be acquired?" " it doesn't mean that somewhere financing reaches the limits?" " from the shareholder the lead card (It isn't to be accustomed to piercing leaving)?" " and so on and so on, the large quantity "insecurity and doubt" are held.
* You answer the insecurity and doubt of such manager, = the best information which is cancelled is accounting information, is financial affairs statements. Therefore as for ultimate purpose of enterprise accounts " for the sake of of business management " saying, it is not overstatement. Generally known " managerial accounting process " is.
